

## So you want to pitch The Reign XY?! Here's how:

**1.** *Email [info@thereignxy.com](mailto:info@thereignxy.com) with **FEATURE + Pitch** or **GUEST POST + Pitch** in the Subject line*

If your pitch is time sensitive, please also include **TIME SENSITIVE** (time sensitive means you have a piece about something that happened in the news or media within the last 24 hours that has to go out before it's no longer relevant).

**2.** In the body of your email add a **2-4 line bio** and **link to your prior work** (if applicable).

**3.** *For a **FEATURE**:*  
Note what section you think you should be featured in and why.

*For a **GUEST POST**:*  
Include an overview of your idea in the message. This should be about a paragraph long and make clear what the crux of your argument or contribution will be.

**4.** *Pictures*  
should be attached if necessary and include photo credit if applicable.

**Note:** Pitches are accepted across every section except Gabrielle's World. Please browse the site to get a feel for our content but never let that deter you from sending over your ideas! We may not know what we're missing until you show us.
